

VILLAGE DISBURSES \$28,634.92 DURING YEAR, REPORT SHOWS

Year's Receipts \$31,011.82, Treasurer's Statement Indicates.

What it costs to conduct the affairs of a progressive town like Antioch is shown in Treasurer Wm. F. Ziegler's statement appearing elsewhere in today's edition of the News. The annual statement for the fiscal year ending May 4, 1927, is probably the lengthiest financial report ever published by the village of Antioch, the document occupying nearly two full pages.

The total receipts from all sources were \$31,011.82, the report shows, and the expenditures for all purposes totalled \$28,634.92, leaving a sum of \$2,376.90 as a balance on hand. By far the greater part of the expense money was used to pay interest and retire bonds. The largest single fund is shown to be Special Assessment No. 7, the amount of \$6,712.52 being involved in this fund, which closed the fiscal year with a balance of \$68.30.

The Treasurer's statement discloses the fact that skillful financial manipulation was required to make each and every fund sufficient for the purposes intended, and upon several occasions amounts were borrowed, or loaned, from one fund to another as the need occurred.

Wilmot Visitor Injured In Automobile Collision

It. W. DeLong, formerly of Wilmot, Wisconsin, now a resident of Florida, suffered a compound fracture of the left leg and minor injuries when a car driven by J. Doll of Antioch collided with his car as it stood on the highway a short distance north of Antioch. DeLong had run out of gas and when the Doll car hit him he was just pouring into his car a small supply of gasoline which he had succeeded in getting. An ambulance was summoned and DeLong was rushed to the hospital at Waukegan by John DeCoursey, also of Wilmot and a relative of the injured man. Neither of the cars were badly damaged in the collision.

Pioneer Resident of Lake County Dies

Edward P. DeWolf, 75, pioneer resident of Lake county and one time mayor of Waukegan died last Thursday at Victory Memorial hospital. He was widely known throughout the region. He had been president of the Lake County Historical society since its beginning and possessed a collection of Early Lake county history as complete as any in existence. He was instrumental in bringing many of the industries now located there to Waukegan, and was himself the inventor of several industrial processes. He assisted in the fight for the electric lines now operating in Waukegan and was an exponent for a large and deep harbor.

Business Club Dinner To Be Held Monday Night

The next regular meeting and dinner of the Antioch Business club will be held at Rother's Resort hotel on Grass Lake Monday evening, June 13, at 7 p. m. A full attendance is desired.

Announcement this week that the president and his family will spend the summer at the State Game Lodge in the Black Hills of South Dakota definitely puts a stop to the rumor that the chief executive intended the move the Summer White House to Lake County.

Mr. and Mrs. Nick Baker moved this week from their home which they recently sold to Walter Scott and will occupy the upstairs flat in the home of Mr. and Mrs. Will Girard until their new house, which they are building on north Main street, is completed.

Supt. and Mrs. H. C. McNeil, and daughter, Ramona, and son, Raburn arrived the last of the week from Carbondale, Illinois, and will be the guests of Mr. and Mrs. S. Boyer Nelson this week.

Antioch High School Closes Year With Honors in Every Activity

Champions in Baseball, Basketball, Football and Music—Win Many Other Awards

With the commencement activities this week one of the most successful years in the history of the Antioch Township High School draws to a close. School teams and representatives have brought back honors for their school from every contest and meet which they have attended.

In the realm of athletics the year was started by the football team which won the championship in the North West Conference. Following that victory, the basketball team succeeded in carrying away first honors in the tournament and in retaining their last year's title of champions of the conference group.

Track was a new activity this year and, in spite of the handicap the contestants suffered in lack of a running track for practice purposes, the aggregation won second in the triangular meet between Libertyville, Gurnee, and Antioch, and placed third at the conference track meet at Libertyville.

The most recent victory brought home by Antioch athletes was the conference championship in baseball which came to them for the second year as a result of the 2 to 0 victory over Libertyville in the game Monday afternoon.

In agricultural contest work the local teams bettered their record of last year when they were third among the thirteen schools in their district, Northern Illinois, by winning second place among the fifteen schools represented this year. In this work, Gordon Martin had the distinction of winning the highest score in all departments. The Dairy Judging Team brought home first honors, the Poultry Judging team second honors and the Grain Judging team, third. The competitive work in large part is carried on during the summer months. Last summer the local school won 5th out of 38 schools at the State Judging Contest and last season's 4th poultry club won first honors in several events. The agriculture club has been active all year and much is expected of them.

The school musical organizations added their bit to the success of the season by winning the state contest held at Normal in May. Here they captured the loving cup for having the highest score of any school in their class, and brought

home cups representing first places in boys' glee club, chorus, and orchestra.

Public speaking was a new activity this year but there were added to the schools list of victories for the year two seconds and a third, won at the district contest at Elgin. There Marion Willie took second in Extemporaneous Speaking, Lilah Hawkins second in Oratory, and Gordon Martin third in Declamation.

The total of the awards won by the name of the school was further increased by the winning of second and third places in the district commercial contest by Irma Hanke and Anna Simonsen, and the winning of first place in Junior Shorthand by Irma Hanke at the Northwest conference commercial contest held at Libertyville.

H. S. Faculty Members Leave for Summer

With the close of the school year this week, several of the teachers of Antioch Township High School left for their homes. Miss Alice Smith will spend her vacation at her home in Graylake. Miss Mary Sigworth left Tuesday for her home in Montana. Miss Helen Bauck left for her home in Emmetsburg, Ia. Miss Bauck is the only one of the present force who will not return next year. She has been the instructor in English for the past three years, and has also had charge of the glee and chorus work, in which she has attained much note. She is leaving Antioch to become principal of the Hamilton, Montana, high school, at a substantial increase in salary. Her departure is universally regretted by patrons of the school.

The rest of the members of the faculty expect to spend their summer in Antioch. C. L. Kuttel, Smith-Hughes agricultural director, will continue the work throughout the summer, and L. O. Bright will be busy overseeing the completion of the building and furnishing of the new section of the high school. L. R. Watson will work for the H. R. Adams Lumber company and it is understood that W. P. Jepson also will work in Antioch or vicinity.

OBSEQUIES OF MRS. SORENSEN HELD HERE

Was Well Known in Antioch and Vicinity for Religious and Social Activities

Funeral services of Mrs. Matt Sorenson were held at the M. E. church Monday afternoon, with Rev. A. M. Krahl officiating, and Rev. Aiken, a close family friend of Mrs. Sorenson, assisting. Mrs. Sorenson died of heart disease last Friday, June 3rd, at Sacred Heart hospital in Milwaukee after a three week's illness. Her death came as a shock to all as it was thought that her condition was improving.

She is survived by her husband, Matt Sorenson of this place, one son, Edwin Hucker, and five daughters, Mrs. Alonzo Runyard and Mrs. Elmer Rentner of Antioch, Mrs. Arthur Haley and the Misses Anita Hucker and Corinne Mooney of Chicago. One brother, Chas. S. Richards of Antioch, and a sister, Mrs. Norman Mattax of Chicago, also survive.

Mrs. Sorenson was born at Fox Lake June 17, 1873, and lived all her life in Antioch and vicinity where she was closely identified with the social and religious life of the community and has a host of friends. She was a member of the Order of the Eastern Star, Royal Neighbors, Rebekahs, and of the Methodist church.

Mr. and Mrs. George Richardson, Mrs. Harry Thompson, Mr. and Mrs. Norman Mattax, and Mrs. Arthur Haley, Sr. all of Chicago were here to attend the funeral as well as a great many friends from nearby towns.

Interment was made in Hillside cemetery.

Reapportionment Will Not Affect Eighth District

Even should the attempt to reapportion representation now launched in the legislature be successful no change should be made in the representation of the 8th district, comprised of Lake, McHenry and Boone counties. Under the terms of the bill as now drawn this district will remain intact.

It was thought by many that the phenomenal growth of Lake county would result in the elimination of one of the three counties with a corresponding reduction of the size of the district.

Fire Department Answers Call to Rinear Home

The fire department did very effective work Tuesday evening when they were called to the Wm. Rinear home and succeeded in putting out a fire which had caught in the roof of the house.

Fascisti Movement and Mussolini to Be Discussed by Observer

Mussolini is still one of the outstanding international figures. People of the world wonder how the Fascisti continue to hold together. The Rev. Antonio Parrani, pastor of the Italian Methodist church at Highland, will be present Sunday evening at the Antioch Methodist church to tell about his personal experiences and observation of the great man heading the Fascisti movement. Mr. Parrani is known to many Antioch men and his coming is looked forward to with interest.

M. E. PASTOR GIVES FAREWELL ADDRESS TO CLASS OF 1927

Science and Religion Not In Conflict, Says Rev. A. M. Krahl

The Rev. A. M. Krahl addressing the graduating class at the Antioch Township High School Sunday evening charged them to be builders and not merely bubble blowers, remembering that the builder who builds with love builds not a building but a house eternal in the heavens.

The services were held in the old auditorium at the high school building. Besides the sermon delivered by Mr. Krahl the high school chorus sang three beautiful religious selections, "My Creed," "Trees," and the famous Hallelujah Chorus from Handel's Messiah.

"Knowledge puffeth up but charity edifieth" was the warning of St. Paul 1900 years ago, but it held true even unto this day" said Rev. Krahl. "Science has made great discoveries which benefit mankind. It has conquered disease, increased sight and hearing, and developed modern improvements which bring ease and comfort to life. But science only informs us about natural life and reality, yet ideals, vision, prayer, and revelation are essential for a well balanced life. Science makes man free but not free from the influence of God" continued Rev. Krahl. He called attention to the fact that intellectual religion like science, has blown bubbles. "Calvin ordered Servetus burned, the Puritans drove Roger Williams from Massachusetts, Cotton Mather was puffed up," he added "Nevertheless religion has continued to go forward seeking the truth." In speaking of the relation that science and religion bear to one another, he said "A religion is limited so is science, but the working-together of the two bring lasting benefits to mankind."

The speaker concluded by urging the class to go forward ever, never hoping that the crowd would understand. "Edwin Markham worked fifteen years to give us his 'Man with the Hoe,' Lew Wallace wrote Ben Hur a 62. The finest products of life result not from power but divine energy which finds its seat in the mind and heart of God," he concluded.

PROPERTY OWNERS ASK PAVING FOR CENTRAL AVENUE

The board of local improvements in session Tuesday evening passed a resolution accepting the president's estimate of costs for paving Depot street. The sum as estimated is in the neighborhood of \$17,500. A public hearing will be held on the project Friday, June 17.

Vincent Dupre, W. I. Scott, and Benjamin F. Miller, property owners on Central avenue which extends west from Main street, appeared before the board and petitioned that that street be paved with a 16 foot pavement. The board instructed the village attorney to take the necessary steps to further the project.

State Stocks Rock Lake With Fish

It is estimated that over 8,000,000 Rock lake last week by the Wisconsin fish department.

Mr. and Mrs. L. J. White of Waukegan attended the graduation exercises here Monday evening.

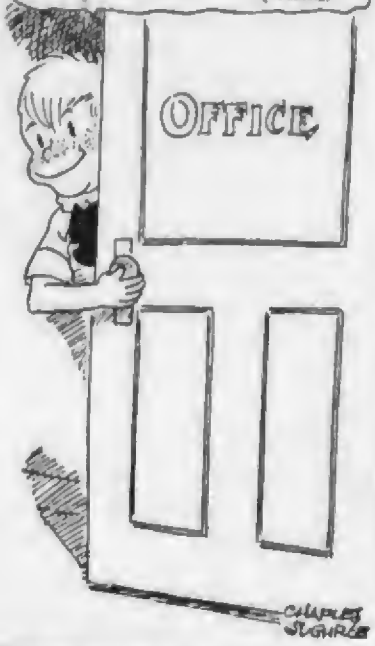

Mr. and Mrs. William F. Ziegler visited relatives in Chicago Saturday and Sunday.

Mr. and Mrs. Bider of Carroll, Iowa; Mrs. Gunnis and son of Evanston, Mrs. Stebbins of Manning, Iowa, and Mr. Sallinger of Chicago were guests of Mr. and Mrs. C. L. Van Patten over the week end.

Mr. and Mrs. S. S. Moore and Mr. and Mrs. L. J. Burdick of Colona, Ill, spent the week end at the home of Mr. and Mrs. John Moore.

COSOVER BOOSTERS DEFEAT ANTIOCH, 8-7 IN CLOSE CONTEST

Waukegan Team Moves to Second Place as Result of Sunday's Game

LAKE COUNTY LEAGUE		
	W	L Pct.
Westside A C	5	1 .833
Cosover Boosters	3	1 .750
Johns-Manville	4	2 .667
Antioch	3	3 .500
Renchaus	3	3 .500
Cardinals	3	3 .500
Slovaks	3	3 .500
Foresters	2	3 .400
Avon	2	3 .400
Keller Cartage	0	6 .000

SUNDAY'S RESULTS		
Westside A. C. 13, Foresters 4.		
Cardinals 4, Avon 3.		
Cosover Boosters 8, Antioch 7.		
Slovaks 11, Renchaus 7.		
Johns-Manville 18 Kellers 0.		

The Cosover Boosters from Waukegan defeated the locals in their battle for second place last Sunday by an 8 to 7 score. The visitors came up from behind to win by bunching hits while the Antioch team failed to take advantage of several golden opportunities. Lack of hits in the pinches and some rash base running cost the locals the game.

The Boosters were led by Sullivan, Carlson, and Gordon, who got two hits apiece. They scored three runs in the second inning on three walks and doubles by Sullivan and Newitz and one run in each of the next three innings. Then, going to bat in the sixth inning with one run behind, they scored two runs by aid of a couple of errors and a sacrifice fly.

Antioch scored all their runs in two innings, the first and the sixth. In the first, two scores were tallied as the result of an error, a grounder by G. Steininger, Simpson's single, Lasco's walk, a wild throw and a sacrifice fly by Shunneson. In the sixth, Antioch scored five runs and took the lead again on an error on Hardin, a walk to Hostetter, singles by A. Steininger, Halwas (pinch hitting for G. Steininger), and Simpson, and a double by Lasco.

Antioch's lead was shortlived, as the visitors scored the tying and winning runs in the next innings. Selenah took up the pitching burden.

Antioch Citizen Pleads Guilty to Intoxication

Nels Holmberg of Antioch, arrested recently by Kenosha police on a charge of driving an automobile while intoxicated, pled guilty to the charge before Judge Slater and was sentenced to pay a fine of \$75 and costs and serve 14 days in the house of correction. Holmberg brought himself to the attention of the police last Thursday noon when he ran off the road north of 7th avenue in Kenosha and broke a wheel on his car.

LARGEST CLASS IN HISTORY OF HIGH SCHOOL GRADUATES

Dean Alderman of Beloit Addresses Seniors at Commencement

Twenty-five students of Antioch High School, the largest class in the history of the institution, were awarded diplomas at the graduation exercises held in the new gymnasium of the high school Monday evening.

Music for the occasion was provided by the school musical organizations. The orchestra, under the leadership of L. A. Stark opened the program with a thirty minute concert and played the processional march. Following the invocation by Mr. S. E. Pollock the high school boys' glee club, directed by Miss Helen Bauck, sang three numbers. "I Passed by Your Window" by Brabe-Lucak, "Requiem" by Homer, and "Rolling Down to Rio" by German.

Dean Alderman Addresses Class
The speaker of the evening was Wm. Alderman, Dean of Beloit College, Wis. He made a keen and original analysis of the elements of a successful life.

"With about \$5.98 worth of physical raw material" said Dean Alderman, "plus a soul and an intelligence we achieve our destiny." The dean called attention to the marvelous physical, mental, and spiritual equipment possessed by man, and to the deplorable fact that a vast number of people get nowhere, but rather go back and forth "on the shuttle train of life."

In the rest of his talk he analyzed the reasons for this failure to achieve and the steps the individual must take in living a worth while life. "Many people are failing to make the adjustments of civilization because of a false conception of what liberty, freedom and originality are. They are so busy trying to be different that they have no time to be great," said Dean Alderman.

He called attention to the fact that everything in nature acts true to type. "Many people" he continued, "have the mistaken feeling that to act true to type means to be stereotyped. A boy can be a boy in a million ways. People need to remember that there is plenty of room within established methods to achieve success."

The second reason why people fail to achieve success is because they do not read correctly and seriously their own experiences, according to Dean Alderman. "There are few of us but have within ourselves, or see in others, things which would guide us right did we but follow the gleam," he added, "but so often we show ourselves unwilling to read our own experience."

A third reason for failure the dean gave as wrong attitude toward work. "We do some things because we must. They are the necessities of life and the motive power is slavery."

Antioch Citizen Has Narrow Escape from Oncoming Train

Frank Gray of Antioch narrowly escaped death recently when the body of the companion with whom he was walking along the North Western railroad tracks near Kenosha came hurtling over his head and thus frightened him into stepping aside out of the path of the oncoming express train.

Gray's companion landed in a ditch at the side of the track embankment fifty feet away. The train was an express, No. 154, due at Kenosha at 7:50 p. m. The accident occurred about 300 feet south of the Birch road crossing. The two men had been walking along on the west track which lay beside the track on which the express was due to pass, and according to Gray, stepped over onto the track for no particular reason. Frank Meade, Gray's companion, was killed instantly. Gray stated to police that he had known Meade but a short time, the two having met at the Community House in Milwaukee and started out to hike to Kenosha together.

Twenty-Eight Guests Attend Crandall-Powles Wedding at Lake Home

The wedding of Miss Ethel Crandall to Laurel Powles, both of this community, took place at the home of the bride's brother Less Crandall, at Lake Catherine at 3:30 o'clock on Monday, June 6th.

The bride and groom, attended by Miss Pauline Van Duzer and Frank Powles, a brother of the groom, and the bride's father, Mr. Hervey Crandall, who gave the bride in marriage, took their places to the strains of the wedding march played by Mrs. Wm. F. Ziegler. Rev. S. E. Pollock performed the ceremony.

After the ceremony a buffet luncheon was served and the bride and groom left, after much delaying, for a fishing trip into northern Wisconsin.

Twenty-eight relatives and friends of the bride and groom were present for the ceremony. Out of town guests were: Ray Smith, a cousin of the bride and his wife, from Streator, Illinois; and Frank Powles, a brother of the groom and his wife, from Union Grove, Wis.

Both Miss Crandall and Mr. Powles are well known and highly esteemed in this community where they have grown up. The bride is the daughter of Hervey Crandall and is employed by the Antioch Theatre as organist. The groom is the son of Mr. and Mrs. Charles Powles and is bookkeeper at the Antioch Sales and Service Garage.

After a two week's vacation trip they will occupy their new home in the Stanton house on Spafford street.

Raise the Oats Average

How to get 50 bushels instead of 30 from the same acreage

THE first and most important item to be considered is the seed, as what we sow that we must expect to reap. To produce a large crop we must have seed that is in its highest stage of development; furthermore, it must be thoroughly fanned and properly graded so that none but heavy and uniform kernels remain, after which it should be carefully treated for smut.

THE old method of taking the seed from the bin direct to the field, without any previous preparation, is the leading cause why such low yields are in evidence. Some advocate obtaining an occasional supply of seed from some cold climate where it reaches its highest development. This is advisable if for any reason our grain shows evidence of running out, as is often the case in our climate.

THE price asked by the reputable seed house is not high when quality is considered.

Victories of Year Are Celebrated With Big Banquet to Winners

Contestants in all Antioch township high school activities were the guests of the faculty at a banquet given at the Blue Willow Inn on last Friday evening.

A party of seventy-five, including the faculty and members of the various organizations representing Antioch in music, agriculture, athletics, public speaking, and commercial contests were present. Following the serving of the dinner a program of speeches and toasts was carried out during which the awards of letters to this year's athletic contestants were made. Announcement was made of the choice of captains to head the schools athletics activities next year. The naming of Joe Bernolfo, as football captain; Russell Spicer, basketball; Howard Gaston, track; and Chas. Michell, baseball was attended with hearty applause. Records for the year were reviewed and prospects for next year discussed before the assemblage broke up.

Valmar Baseball club met the Hub Market Team of Kenosha at Wilmot Park Sunday afternoon and in a very close game wrested victory from them in the last inning by a score of 4:2. The score stood 2-1 in favor of Valmar at the opening of the ninth and Kenosha told the score in the first half. Valmar brought in two more runs in the last half adding another success to their record for the season. The battery for Valmar consisted of Eugene Frank, pitcher; and Herman Frank, catcher. The rest of the line up included: Kocol, 1st base; Richter, short stop; Herick, 2nd; Letting, 3rd base; Fertin, left field; McDougall center field; Jurcick,

right field. There was a very good attendance. Next Sunday the Valmar team will play at the Valmar park and have the English Prairie Eagles scheduled for that afternoon.

The Union Free High School Board has announced the following teachers for the high school faculty in 1927-28. Principal Eldon Mulder, of LaCrosse will be here for his third year. Mr. Mulder has brought the school up to a high state of efficiency in every way and the board was most fortunate in being able to retain him another year. He has been untiring in his efforts to cultivate the athletic activities of the boys, and the pupils' musical abilities in the orchestra and band. He has developed a high sense of honor among the pupils as a whole that did much to make their school work a matter of character building as well as of education.

Miss Minnie Hansen, who was in charge of the Commercial department just introduced the last year, is also to return. Miss Hanson has been singularly successful in her work and a large number have signed for the course another year.

Marlin M. Schnurr, of the Agriculture Department, has been rehired and his work for the past year has been most satisfactory. He has made the department a credit to the school. Mr. Schnurr's night school for the neighboring farmers was well attended last winter and of great benefit to the community as a whole. Mr. Schnurr has taken a very active part in all the school activities.

The new member of the faculty will be Avis Meyers of Ft. Atkinson who comes to the high school from the Lake Geneva schools to take charge of the English department. Miss Meyers is a graduate of the High School Teachers Course at Whitewater Normal and has had two years of Extension work from the Madison University.

Miss A. Peterson of the Home Economics department has accepted a position to teach Home Economics at Mezaunnie in Dane county. Miss Peterson made many friends and was particularly successful in her line of work while she was here, but the vast majority of pupils chose the Commercial work so Home Economics has been dropped from among the courses offered in the high school.

Miss Francis, for the past two years teacher of English in Union Free High School has accepted another position in the state and it is with regret that the many friends she has made during her residence here will see her leave.

Union Free High School Notes
Commencement Exercises Thursday evening will close the activities of the high school year. The graduating of the class of 1927 means the passing of several pupils who have done much for the school both in studies and in the outside activities.

Many members of the class are planning to attend college in the fall.

A Sophomore speaking contest was held Monday morning in the assembly. Four students, Mary Daly, Gladys Miller, Lester Binton, and Norman Jedele had been picked in the previous contest, and now competed for final honors. Miss Francis, Miss Peterson, Miss Hanson, and M. M. Schnurr acted as judges and chose Mary Daly for first place and Norman Jedele second. Mary's subject was Carlton Parker, and Norman's was Beethoven. The outgrowth of this contest will probably be the development of debating teams in the school next year.

Ranch Appellations

The name "Lazy," so often affixed to western ranches, refers to the brand used on its animals by the ranch. When letters of the alphabet are used they are often varied by their position. When tilted at an angle of 45 degrees they are said to be "tumbling"; when lying flat on their back or face, "lazy."

Church Notes

Methodist Church Notes
Rev. Antonio Parroni will be the speaker at the Sunday evening service in the Methodist church June 12. Mr. Parroni will speak on Mussolini and the Fascisti, the man and the movement which are holding the attention of the world today. The speaker is a graduate of the best educational institutions in Italy and is now studying at Northwestern University. He is doing a very effective piece of work among the Italian people of Chicago and vicinity. Americans will do well to know something of this movement and now is the opportunity to get some first hand information.

Children's Day will be celebrated next Sunday, June 19, in the church auditorium at the 10:45 service. Several mothers have asked to have their babies baptized at that time and this will be an important part of the service. A special offering will be taken at this service to help support the 169 institutions of learning under the auspices of the Methodist church.

The Daily Vacation Bible School is shaping itself very nicely. The date of opening will be announced shortly and it is hoped that no less than 50 boys and girls will enroll.

Treating Oats for Smut

Formaldehyde should be purchased in tins or other sealed containers

THE seed should be dipped in loose sacks or spread out on a clean floor, thoroughly sprinkled with a solution of 1 pint (tin) of formaldehyde to 40 gallons of water and shoveled over until all of the grain is well moistened. It should then be covered with blankets or canvas and allowed to stand for several hours. It can then be sown at once or spread out in a clean place to dry. The rate of seeding should be somewhat increased to allow for the swelling of the seed. The cost of smut treatment was estimated by Professor Close of the New York station at 1.4 cents to the bushel.

THE so-called "dry" method, one pint of formaldehyde to one pint of water, is all right if each kernel receives its due quota while being sprayed. There is danger that some of the seed will not be properly treated.

THE copper carbonate treatment often recommended for wheat is not efficient for either oats or barley on account of enveloping hull.

AUCTION SALE OF LOTS

Lake Villa, Illinois

48 miles north of Chicago on Route 21, west of Waukegan 12 miles, on

Saturday — Sunday, June 18 — 19

This fine tract of land with its quarter of mile Grand avenue frontage, lake privileges on beautiful Cedar Lake with sand and gravel beaches, lies within the city limits of Lake Villa on Grand avenue, 2 blocks west of Route 21.

City improvements may be connected with any part of this subdivision.

The land lays generally level, yet high and dry. Dotted with groves of large oak trees, orchards and shrubs, every lot is a perfect homestead for a permanent or summer home.

Lake Villa is surrounded by a community of immense wealth, and every progress is evidenced by the up-to-date schools, churches, banks, and other business places. The railroad is close to the subdivision, bus service directly by, and concrete roads in each direction. It is also beautified by its Community Park which gives every one a chance to enjoy the sky blue waters of Cedar lake for boating, bathing and fishing.

This is Positively the Greatest Bargain in Lots Ever Offered at Auction. Remember, at this Sale YOU not the Owner Makes the Price.

Opportunity Knocks But Once

It was only through good fortune that this splendid tract of land was obtained by men who are willing to give you this chance to obtain a large and spacious lot at auction prices.

Be sure to come. Bring the kiddies. They will have equal chances in getting prizes given away. We are going to offer \$1000.00 in cash prizes on this subdivision. Be sure to come. You won't have to buy to win. Be there to get your share of this property on the very easy terms offered. The terms are:

One third down on day of sale, one third in 6 months, one third in 12 months. If these terms are not satisfactory others can be arranged. 2% discount for cash on all deferred payments. There will be a Guaranteed Policy with each and every lot.

Saturday and Sunday, June the 18th and 19th, will be your lucky days.

Remember the date. Come early and make your selection of the lots you want.

ALLENDALE FARMS RECEIVE MENTION

Chicago Paper Tells of Banquet
Given Former Lake County
Students

The great work being done at the Allendale Farm school at Lake Villa and something about one of its chief backers is told in the following article appearing recently in the Chicago Post:

The other night at the Blackstone hotel 115 young men sat down to a banquet. They were the guests of a Chicagoan who has been entertaining this group—with some variations in personnel—every year for the last six or seven years.

"If you asked him about them he would tell you they are dividends on an investment he made some years ago, and which he has augmented from time to time. He would tell you that no investment he has ever made has given him more satisfaction or paid him handsomer returns—and the adjective is not meant as a compliment to the physical pulchritude of these young men, although it would not be inappropriate if so used.

"Speaking of them to a friend this investor in human values said: 'A finer looking, upstanding group of fellows never got together out of any college or university and I was just as proud of them as I should be. Every one of them had character and that is the thing that is lacking in many of our young people.'

"Not a few of these boys—some of them are married men and fathers—hold responsible business positions; all of them hold good jobs and are establishing themselves as worthwhile citizens of Chicago. If you should ask them to what they owe their success in life they would tell you the chief factor is the training and influence which they received at Allendale Farm school for boys, under the wise and kindly direction of Capt. Bradley.

"It was in this school, organized as a venture to serve boyhood, that their host made the investment which he now values so highly. He stumbled across it by accident. On the wall of an office where he was awaiting conference with another business man, he saw a picture of a group of boys. It appealed to him. Inquiry disclosed that they were Allendale lads, and further inquiry brought him facts which aroused his interest in Allendale. That is how the cottage school at Lake Villa, Ill., came to get a gymnasium and how L. E. Myers, builder of power plants and electric railroads, found that the building of character in boyhood was an even more absorbing interest.

"The group of Allendale graduates who are annually his guests constitute the Bradley club, named after the man who founded the school and still directs it with a genius for understanding boys and helping them which God gives to few men. The Bradley club represents the product of Allendale—not all of it—for many of its boys are scattered up and down the land, maintaining in other cities and states the reputation of their alma mater.

"We are not surprised that Mr. Myers and others who have made similar investments like to look over their human dividends once a year—and oftener. It is something to have helped to add this hundred and more of useful, high-principled citizens to the life of Chicago; it is something to have had a share in giving to these and scores of other boys a chance they might otherwise have missed. Allendale is not a monopoly of those who have contributed to its building. There is opportunity for you to invest. There is joy enough in this work to pass it around. One of these days when you are taking a run in your car, head for Lake Villa and give yourself the pleasure of seeing Allendale."

SALEM

Miss Minnie Hedlin of Winnetka, Illinois, is staying a few days with her sister, Mrs. Julius Krahn of Salem.

Mr. and Mrs. Milward spent Sunday at the Bloss home.

A party of about thirty-five of the friends and relatives of Henry Gitzlaff met at his home in Salem Sunday afternoon. The occasion was Mr. Gitzlaff's birthday. Some games were played but most of the afternoon was spent in visiting. At the close of the afternoon refreshments were served. Mr. Gitzlaff admitted that the party was a complete surprise to him until the arrival of the guests.

GILSKY BROS.

25 GRADUATES IN CLASS OF 1927

(Continued from page 1)

ery. We do some things because we ought. They are the duties and the motive is law. We do some things because we wish to. They are the pleasures and the motive power is within ourselves. It is only when we fall in love with our necessities and our duties that we begin to experience the real pleasures of life. He advised the graduates that the cost of true success was to stay persistently in the presence of the very best. Neither youth, nor old age, nor adverse providence can stand in the way of a persistent purpose, was his final admonition to the class.

Following the address, the girls' glee club sang three numbers, "Persian Serenade" by Mathews, "June" by Perry and "Magnolia Bloom" by Ross-Bernd.

Diplomas Are Awarded

Principal L. O. Bright awarded the diplomas, naming in the presentation the honors won by each individual. He spoke of the many activities in which the members of the class of 1927 have taken the predominating part, and of the loss that their graduation meant to the institution.

Three agricultural medals, the gift of G. T. Rhodes, were presented to the winners by C. L. Kutil, instructor in agriculture of Antioch Township High School. They were won by Elmer Barthel, Emil Hallwas, and Joe Anzinger. A poultry project was the basis of the award to Elmer Barthel, and market gardens won Emil Hallwas and Joe Anzinger their recognition.

At the close of the program the high school chorus, by special request, repeated the Hallelujah Chorus from Handel's Messiah. The assemblage was then dismissed with a benediction pronounced by Rev. H. C. Dixon.

Hot Air as Polisher

Hot air is used for polishing. The articles to be treated are placed in a basket in a centrifugal machine driven at a very high speed and heated air is blown from a pipe through the basket. Nickel-plated articles that have become tarnished are made bright in a few minutes. Wet metal fresh from the bath needs no preliminary drying, for the current of air dries and polishes it at the same moment.

Travel of Clock's Hands

In the southern hemisphere the shadow on a sundial travels counter clockwise. As the hands of the earliest clocks moved in the direction of a sundial shadow, our clocks would have hands moving from right to left if they had been first made in the southern hemisphere.

Teachers' Salaries

Expenditure for salaries of teachers amounts to approximately 75 per cent of the total current expenditure for elementary and secondary schools. In colleges and universities it constitutes a somewhat smaller part, or approximately 60 per cent of the total spent for operation and maintenance.

Cleaning Paintings

To clean an oil painting first take it out of the frame and lay on it a cloth dampened with rain water; allow it to remain a short time to take up the dirt. It may then be gently wiped with a tuft of cotton dipped in pure olive or linseed oil. Valuable paintings should be treated only by experts.

Mongoose Fierce Fighter

The mongoose is a small animal found chiefly in India. It feeds upon rats, mice, and other vermin, and is the determined enemy of reptiles. The mongoose fearlessly attacks the largest snakes, and displays great agility in avoiding their fangs. The mongoose kills them by biting them through the back of the neck.

Self-Restraint

For want of self-restraint many men are engaged all their lives in fighting with difficulties of their own making, and rendering success impossible by their own crossgrained ingenuity; whilst others, it may be much less gifted, make their way easily and steadily, and achieve success by simple patience, equanimity, and self-control.

Developed Steam Engine

Thomas Newcomen, a locksmith of Dartmouth, in Devonshire, England, may fairly be said to have been the first to put the steam engine to practical use. The steam engine for which he took out a patent in 1705 remained the type in use for pumping water out of the Cornish mines till toward the end of the century, when Watt added the condenser.

WAUKEGAN TEAM IN SECOND PLACE

(Continued from page 1)

den after the Simpson hit and held Antioch the last three innings although they had several chances to score in both the eighth and ninth.

The defeat dropped the home team to fourth place in the league standings but they say they won't be there long.

Next Sunday the Forresters of Waukegan will play at Antioch. They are a strong aggregation and a close game is expected. Either Jack Morley or Bill Steininger will be on the mound for the locals. Steininger pitched most of Antioch's games last summer.

Odd Use for Birds' Wings

An Australian paper asserts that some enterprising London firm is regularly importing albatross wing bones for pipe stems. The wing bones of the frigate bird are also used for the same purpose or for cigarette holders.

Narcissus Bulbs

Narcissus bulbs grown in pebbles should be kept in a dark cool place for a week before they are set in the sunlight. Otherwise they will go to foliage and refuse to bloom.
